PRE-BID CLARIFICATIONS-02:

Sr. No.	Bidder's Query	NTDC Reply/Remarks
1.	<p>As per price schedule Outside the purchaser country clause 4 of notes-The taxes and duties for imported goods are the responsibility of the purchaser (NTDC). However, all taxes and duties for domestic manufacturing have to be paid by the manufacturer. We feel this clause should be amended whereby the foreign bidder should quote a landed price also as per criteria defined to calculate landed cost in the bidding documents else it is deemed unfair practice.</p>	<p>The Evaluation of the bids will be carried out as per criteria stated in the tender document i.e., Comparison of Ex-Works and CIP Karachi prices.</p> <p>The evaluation of bids will be carried out while excluding taxes (indirect), duties and levies in Country of Contracting authority and as such no landing cost impact can be considered. Therefore, the bidders are advised to follow the tender provisions</p>
2.	<p>Secondly, we have noted in tender documents clause 1.1 Evaluation Criteria (Section-III) that the evaluation shall be made on the basis of Ex-Works &amp; CIP Karachi prices and as per pre-bid clarification-01 CIP Karachi prices is equal to CIF Karachi port prices for Goods to be offered from outside the Purchaser's country. Since this is foreign funding project, for fair comparison, please amend and make Ex-works prices without Custom duties, and sales tax etc.</p>
